Assistant Supervisors, Eliminated by Ruling, Still Planning to Run

By HARRY BARNES

Press-Record Staff Writer

An Illinois attorney general's opinion ruling out the need for assistant supervisor elections in 1971, as the result of a state election legislation adopted in 1969, may go unheeded in the Quad-City area by candidates.

The plan to attempt to file nominating petitions under previous election procedures, it was learned by the Press-Record today.

Because the filing period for the township elections opens next Monday, Dec. 28, under the election code, incumbent assistant supervisors whose terms expire next year and others who run for the township posts—say they will circulate nominating petitions and seek to file them with the town clerks.

This will be done to protect their status as candidates in the event the legislature should amend the reapportionment law on which the attorney general's opinion was based.

The attorney general's legal question for town clerks who, under the previous election procedure, are responsible for accepting nominating petitions, prepare ballots and otherwise supervise in preparations in township elections.

As yet, the question of whether town clerks should accept petitions for filing is unanswered in all of the four Quad-City townships—Granite City, Venice and Chouteau—where town officials said they will request legal advice from their respective township attorneys.

Accepted in Nameoki

An exception is Nameoki Township, where Town Clerk Tom Weller said he will accept petitions for filing and will make preparations for an election as held in past years.

Nameoki Township, unlike most other townships in the county, has no one to elect a supervisor as well as an assistant supervisor in 1971. Most townships are to elect highway commissioners next year.

While there are no candidates for supervisor, a post now held by Harry Briggs, he said he will file nominating petitions

on Dec. 28, the opening filing date, along with David Huckla, 820 Bond Road, candidate for assistant supervisor, and Albert E. Bell, 421 Division St., can-temissioner of the township highway commissioners.

Under this arrangement, if an election were held, Huckla would seek the post of assistant supervisor now held by Roger

Military Funeral for Alvin Evanoff Tuesday

Military honors will be accorded Army Specialist Four Alvin L. Evanoff (picture above), 21, a crew chief on a U.S. Army helicopter who was killed in action Sunday, Dec. 6, 1969, while serving in services at 1 p.m. Tuesday at the Sealock Funeral Home, 615 Madison.

Burial will be at St. John's Cemetery, 2901 Brookwood Road, 1½ miles west of Bullittville, with Frizzell, 8802 Penn St., Granite City, and the late Spec. 4 Evanoff of Madison, the serviceman was declared missing in action Dec. 7 after his plane went down in which he was flying lost altitude, plunged into water and sank.

The incident occurred near Quang Nam, about 10 miles from Da Nang, Vietnam. His death was confirmed by Army authorities on Dec. 10. Born in Granite City, Spec. 4 Evanoff was born in

Granite City and graduated in 1968 from Granite City High School. He was employed as a welder at Laclede Steel Co., Madison, before entering the Army on Sept. 8, 1969.

The land, located in the Marion Industrial Park, will be sold to the city for \$1 million. Federal or state funds are available to help the board in purchasing this property.

"We are willing to go ahead if we can get additional funds," Sasyk said, emphasizing his support of the project. The Madison City Council has not given formal approval to the sale, "but all members have indicated privately that they support the project," the mayor said.

Board president Chester McManaway instructed Fred Ridder, chairman of the school board, and John Orlachuk, attorney for the school board, to investigate the possibility of obtaining outside funds for the construction of the building and for purchase of the land.

Needed for Parking

The tract of land needed will be used for parking facilities.

The building is to be constructed on the present high school property.

The tract in question has not been platted but will involve three to four acres, Sasyk said.

The board also discussed

TREE OF LIGHTS CHRISTMAS GIFT. A Quad-City youngster is shown being outfitted with a new coat by (left to right) Miss Brenda Schwendemann, a volunteer representing the Republican Women's Service Club; Charles Rauh, Carp's manager; and

Salvation Army Lt. Donald Noyes. The "Clothe a Child" program this Christmas is aiding 415 children with gifts of such items as coats, shoes and trousers.

Land Offered for MHS Vocational School

Madison Mayor Mike Sasyk told the Board of Education Thursday night that the city is ready to deed a tract of land now owned by the adjacent Madison High School to the school district to be used in the construction of a vocational school.

Eldon Rhoads, Madison fire chief and maintenance supervisor for the school district told the board that the installation of two fire rings behind the high school is necessary to protect the building against fire. He quoted estimates on the cost of installing the fireplugs, which will be offset by the savings in insurance premiums if the building is fireproofed.

Estimates for the work range from \$4,000 to \$5,000. Specific plans for the building have not been published before bids are accepted.

Curtains Firedproof?

A question concerning the fireproofing of the main curtains in the high school and clothing to needy Quad-City families for the winter was raised by McManaway, but Rhoads said that the curtains must have been fireproofed within the last year to pass fire inspection. Superintendent with \$7,607 contributed toward this year's \$10,000 goal, and Christmas is just four days away.

John Paichoff, assistant superintendent, said that representatives of a cleaning company told him the high school curtains were too old to be replaced and that they should be replaced. The present curtains at the high school were installed in 1951.

Rhoads was authorized to purchase enough panels to replace all glass windows at Dunbar School with steel reinforced fiberglass panels. In the past 15 months, student

vandals have broken windows which cost \$2,715 to replace. Although the initial price for replacing the windows will be higher, Rhoads said the price will be lower.

Request Sound System

Richard Brown, principal at Madison high school, requested funds for purchasing a \$3,000 sound system to be installed in the gymnasium. A motion was approved committing one-half of the cost from the district to

1970 Tree of Lights Short Of Goal

20% Rate Hike Sought By Telephone Co. Here

The Salvation Army's "Tree of Lights" campaign to provide Christmas food baskets and clothing to needy Quad-City families for the winter was raised by McManaway, but Rhoads said that the curtains must have been fireproofed within the last year to pass fire inspection. Superintendent with \$7,607 contributed toward this year's \$10,000 goal, and Christmas is just four days away.

Donald R. Noyes, officer-in-charge, said that today 304 of the 400 lights are aglow on the Salvation Army Christmas Tree in Memorial Park.

Local residents and local families have applied for assistance through the 1970 "Tree of Lights" program, Lt. Noyes said. The number of Quad-City families which have been cleared by the Salvation Army's master list now totals 940, also a record-topping figure, the official said.

Assistance is provided through traditional Christmas drive which furnishes gift baskets to families in need and clothing and toys to deprived children, who members of the St. Cletus Shrine Council whose efforts Saturday at the kettle sites produced \$1,074 in donations from passersby, Mrs. Pauline West, "Tree of Lights" chairwoman announced.

The one-day bellringing drive by the Shriners exceeded all expectations and exceeded the campaign, a spokesman at the Salvation Army office said.

Shockley said there is as much at stake for the communities served by Southwestern

Bell Telephone Bell there is for the company.

Adequate Earnings Vital

"We recognize that a good communications system is essential for the economic growth and social life of the community."

The proposed 20% increase would boost basic monthly residential telephone charges by \$10.

Ray Shockley, the firm's vice-president for Missouri-Illinois, cited increasing costs over the past 10 years as the reason for the request.

"We have had to absorb higher costs and fought the effects of inflation," Shockley said. "While most other prices were going up, we were holding our line through increased efficiency and technological improvement."

"However, we have now reached a point where inflation is pushing our expenses and our plan is to raise rates more than we can absorb them, and we have no choice but to seek an increase in telephone rates. This adjustment is necessary if we are to continue meeting growing demands for more and better communications services."

Shockley said there is as much at stake for the communities served by Southwestern

Bell Telephone plant investment, for one thing, averaged \$355 per telephone in 1960," he said. "By 1969 it had risen to \$415."

"Our state and local taxes have increased 2½ times in the same period."

Bond Costs Soaring

We sold interest rates paid by the company on bonds have gone up dramatically, from 4.50% in 1960 & 8.50% paid on a debenture issue this year.

"These higher costs," Shockley said, "together with increasingly higher wages and employee benefits, have overrun our ability to produce adequate earnings."

If this trend continues without relief through additional revenues, it will be extremely difficult for us to meet our ob-

No more school, no more books, no more teacher's dirty looks—at least for a week and a half.

It was the chant of the day Friday for children in the Venice public schools and will be picked up tomorrow and Wednesday at all other schools in the Quad-City area. Classes at public and parochial schools will resume their full schedules Monday, Jan. 4.

Children in the Venice schools became the first Quad-City area pupils to begin the holiday vacation when school closed at 2 p.m. Friday.

Tomorrow St. Elizabeth's School will begin vacation at 2 p.m., but the schedule of the area schools will consist of full or partial schedules on Wednesday.

St. Mary-Mary School will dismiss at 11:30 a.m. Wednesday and at noon children from St. Joseph's School and Sacred Heart School will join the vacationing students. Two hours later the Madison public schools will ring their final bells of 1970.

The Granite City public schools will be the last to dismiss classes at the regular dismissal time.

Tunnel Repairs An Emergency, Engineer Warns

The U.S. Army Corps of Engineers has informed the East Side Levee and Sanitary District that repair of two riverfront levee tunnels is of an emergency nature and that the "safety of lives and property within the district should not be endangered through another flood season."

The notice was received by the levee trustees from Col. Carroll N. Lettice, district engineer, and in reference to two of four tunnels under the levee at East St. Louis. The other two tunnels were repaired by the levee district last year and the basis of the inspection and conviction of four levee district trustees on misconduct charges for letting a contract for the tunnel repairs without competitively bidding.

William "Mike" Bersold of Elversold, Madison county member of the levee board, said the letter substantiates the claims of the levee trustees that last year a contract for repair of the other two tunnels was awarded on an emergency basis. State law requires competitive bids for contracts awards without bids in case of an emergency.

The tunnels are owned by the East St. Louis & Environs Water Co. The Army Corps of Engineers has demanded repair of the tunnels for several years and pressed for action resulting in the award of a contract last year. The district is now requesting that the remaining two tunnels be repaired in the same manner. Last year's project cost the district \$169,000.

Meanwhile, 13 levee districts today were checking the legality of issuing an additional anticipation warrant to meet a \$60,000 payroll demand. The three that did not approve the warrant but George Duff was absent, Ramses must be signed by all four members.

be matched by funds from the school.

The new system will include speaker horns, microphones, amplifiers, transmitters and a receiver. It is planned to have the main floor and balcony area of the gym. Additional equipment may be purchased at a later date to serve the fold-out bleachers.

The board expressed its ap-

proval of a new dress code for girls at the senior and junior high schools, proposed by the school board.

The new code, which has yet to be adopted by the schools,

allows girls to wear dress slacks and dress Bermuda shorts to class, providing they are good sports. The "dress out" was inserted by the

councils to give the teachers and school administrators a tool with which to prohibit out-

landish or improper slacks and shorts.

Title I Funds Approved

Approved report that the school's request for \$127,000 in Title I funds was received and approved by Superintendent of Public Instruction Ray Page

and should be granted to the school in the near future.

The superintendent also re-

ported that the present security system at the high school is working smoothly. He recom-

mended that the present security personnel be retained until such time as two guard stations at the school can be

"phased out" or replaced. The

two matrons now employed by

the school corporation should be retained, Riddle said.

Pontoon Couple Held On Burglary Charges

A Pontoon Beach man and his wife were held in the county jail at Edwardsdale today following their arrest as suspects in a series of burglaries which sheriff's deputies said occurred in the Mitchell-Granite City area and the Edwardsdale-East Alton areas.

The office of Sheriff John Maeras said burglary charges were filed against the couple, son, 41, and his wife Elizabeth, 34, of 3849 B St. in Pontoon Beach.

The couple was arrested last week, authorities said, after a detailed investigation was completed by the sheriff's office.

He was admitted to St. Elizabeth Hospital after emergency treatment was given for a deep gash in his left leg, a fracture and a laceration to his lower lip which required sutures. X-rays of his chest, right arm, right leg, skull and spine were given.

The sheriff's office said the man was seen "at the scene of the crime" after the couple had given officers a written consent to make a search.

The arrest climaxed six weeks of investigation into the series of burglaries, deputies said. Officers made the search after they followed an auto from the scene of the crime to a residence after the couple had given officers a written consent to make a search.

**Shrine Club Approves
6 Members at Dinner**

The Tri-City Shrine Club Christmas dinner was held at the Polish Hall in Madison Thursday with approximately 70 nobles in attendance and President Orville Hommett presiding.

Six petitions for membership were approved. Those accepted were Maurice J. Lacey, Ralph W. Johnson, Clarence Whitford, William Herbst, David D. Fox and Robert E. Schaefer.

Bernard Boston, chairman of the "bell ringing" committee for the Salvation Army, requested that Shriners participate in the project.

All Shriners are to be present at a dinner meeting Jan. 21 to be held at the Masonic Temple.

The dinner will include election of officers for the coming year.

Treasurer Avery Schermer recommended that a \$500 bond be presented to Alain Temple for the Shriner's Crippled Children's Hospital and the motion was approved.

A special collection was made for the John Earhart family, 3088 Nameoki Drive, whose home and holiday gifts were destroyed by fire Dec. 16.

President Hommett announced today that \$1,074.75 was collected by the Shriners for the Salvation Army Tree of Lights bell ringers. This was the largest amount collected by any organization; also this is the fourth time in five years that the Tri-City Shrine Club has been first.

MR. AND MRS. CHARLES BEQUETTE. Their wedding took place Friday afternoon at St. Elizabeth Catholic Church.

Judy Anne Line Bride Of Charles Bequette

The wedding of Miss Judy Anne Line, a daughter of Mr. and Mrs. Lawrence Line, 3404 Red Bud Lane, and Charles Bequette, 1231 W. Potomac Road, son of Mr. and Mrs. Warren Bequette, took place Friday afternoon at St. Elizabeth Catholic Church.

The Rev. Lawrence Mattingly performed the service, and the reception was held in the church cafeteria.

The bride was given in marriage by her father. She wore a red gown with a lace-trimmed bodice from the neckline over the sheer bodice, ending in a full tiered skirt and sweep train. The natural waistline was accented with a satin bow and a sheer lace sash with butterfly cuffs. A mantilla veil formed a delicate floor-length train and the bride carried a rosemary of white roses, snowdrops and carnations.

The attendants were dressed in gowns of red velvet with long sleeves, trimmed with white veils matching the gowns. They also held in their hands wide red velvet bows and all carried crescent bouquets of white snowdrop pom poms, red carnations and holly. They were Miss Cindy Thompson, maid of honor, and Miss Sharon Martin, and Helen Stone, cousins of the bride and groom, bridesmaids.

Mary Anne Bequette, a sister of the bride, and Michael Martin, a cousin of the bride, served as flower girl and ring bearer. The former was dressed like the older girls.

James McEvoy, son of a brother of the bride, and David McEvoy, the bride's brother, Tom McEvoy, Tony Sherfy and Dennis Groves, a cousin, made up the list of groomsmen and ushers.

The bride's mother wore a blue silk dress with a matching straw hat and a navy blue coat.

Both had matching accessories and a white orchid corsage.

Both young people are graduates of the local High School and the bride graduated from a school of beauty culture. The bridegroom, who is in the Navy, will just returned from an 18-month tour of duty in Guam, and will be stationed in Seattle, Wash.

The rehearsal dinner was given Thursday evening at the Ross Bowl by the bridegroom's parents.

Rachel Lilly Becomes Bride of T. R. Modglin

First United Presbyterian church was the setting Saturday morning for the wedding of Miss Rachel Ann Lilly and Thomas R. Modglin.

The bride is a daughter of Mr. and Mrs. G. L. Lilly, 2149 Robert Ave.; Mr. Modglin's parents are Mr. and Mrs. Henry Modglin, 4506 Robert Ave.

Rev. Dr. David J. Maxton, pastor, assisted by the Rev. Vernon Covington, of Emmanuel Baptist Church, officiated at the 2 o'clock candlelight ceremony which was followed by a reception in the church fellowship Hall.

The bride wore a floor-length gown of white velvet trimmed with lace. The Empire腰带 had a sheer and a ruffled neckline. A cathedral veil of illusion was secured with a band of pearls and the bridal bouquet, a cascade, was made up of white roses with a corsage centered in the middle.

The attendants, Miss Judy Dusier, maid of honor, and Miss Terri Scola, a cousin of the bridegroom, bridesmaids were dressed alike in floor-length plum velvet gowns. The Empire waist and long sleeve gowns were tied at the wrists with ruffles of lace, and matching bows were worn in their hair. Both carried bouquets bearing white and grape Elegance carnations tied with deep purple velvet ribbon.

Lisa Lamont, the bride's cousin, and John Layer, served as flower girl and ring bearer. The maid of honor was in charge of the older attendants and carried a basket of rose petals. The candles were lit by Miss Sherry Lilly, the flower girl, and Miss Pamela Church. Mrs. Dennis H. Modglin, the bridegroom's sister, was in charge of the guest book at the reception.

For her daughter's wedding Mrs. Lilly chose an orchid mint ensemble and bone marigolds while the bridegroom's mother appeared in an apricot knit

Easing of Tax on Retirement Funds Proposed in Bill

State Senator-Elect Sam M. Vadalabene last week prefaced a bill in the Senate, S.B. 100, which would ease the income tax burden for persons getting benefits from provident funds or pension or retirement plans.

Under provisions of the Vadalabene bill, income would be免 from tax by a person to any such plan prior to the enactment of the Illinois State Income Tax, and the interest earned on it, if any, would also be免 as taxable income when paid by the individual after July 31, 1969.

Currently, all income and interest from pensions and provident funds are considered taxable even if the result from contributions made 20 or 30 years ago when there was no income tax.

"In my opinion," Senator Vadalabene said, "the current practice discriminates against the cautious saver. Sacrifices were made to forego what at the time was non-taxable spendable income in order to build something for retirement. Now that investors can't be taxed on it, they have been penalized."

Previous Efforts Failed. A similar proposal was introduced by Senator Vadalabene in the 1969 session of the Legislature. It failed to receive enough votes for passage because Republicans and others anticipated a comprehensive reform package and were reluctant to make separate changes in the Income Tax Act. That package died in the Senate because of a controversial section on capital gains and losses. As a result, no relief was provided for the individual taxpayer.

Vadalabene said the need for some relief was especially important during inflationary times. He cited the recent Illinois Supreme Court decision declaring unconstitutional the Homestead Tax, which limited the deduction from property tax assessments for those over 65.

Taken together with the income tax provision for pension and provident funds, this ruling, according to Vadalabene, creates a terrific hardship for the person attempting to live on a fixed income in a time of inflation. Prices go up while income remains static, increased or inequitable taxes eat into the small income of most people trying to get by."

Two area representatives, Jim Galloway (D-Groton City) and Leland Kennedy (D-Alton), expressed strong support for the Vadalabene bill. Once it gets through the Senate they are optimistic about the bill's chances in the House.

Franchise taxes and fees totaling \$559,387 were collected by the Corporation Division in November, an increase of \$51,111 over the \$502,885 collected in November of 1969.

Secretary of State John W. Lewis said that \$22,204,476 has been collected in the first 11 months of 1970. The current total represents the decrease of \$4,223,581 from the \$27,127,735 collected in the same period of 1969.

Secretary Lewis explained that the decrease is a result of lowering the minimum franchise tax from \$100 to \$25 per annum.

New corporations incorporated or licensed in Illinois total 339 in November, a decrease of 59 from the 995 new corporations in November of 1969.

During the first 11 months of 1970, 12,007 new corporations were formed or licensed in Illinois. The total is 722 less than the 12,729 new corporations for the same period of 1969. However, the 1970 figures represent an increase of 621 over the 11,386 new corporations in the first 11 months of 1969.

415 Children Outfitted

By Clothe-A-Child

Warm coats and shoes were furnished 415 youngsters last week through the Salvation Army's "Clothe-A-Child" program. Lt. Donald R. Noyes, local Salvation Army commander, reported today.

The large group of children whose names were provided the Salvation Army by the three local schools, which were outfitted with new coats or shoes at local shops.

One of many Christmas projects, sponsored by the Tri-Cities Salvation Army, the "Clothe-A-Child" program provides deprived youngsters with at least one new article of wearing apparel or footwear for the winter months.

Volunteers assisted in fitting the grade school pupils during the shopping excursions, providing an invaluable addition to the small Salvation Army staff, a spokesman at the local SA office said.

Clothing items and shoes were furnished by the participating retail merchants at reduced cost.

Harold B. Steele, 46, Bureau County hayseed-grain farmer, was elected last week as president of the Illinois Agricultural Association, the nation's largest state-level Farm Bureau.

Steele, who was elected IAA vice-president by the organization's voting delegates last month, was elevated to the leadership by action of the IAA board of directors. Steele succeeds Michael J. Sizerone, 2509 State St.; Forrest Swan Jr. and Pauline Jeanne Swan, 1110 Lincoln Ave.; Jerome W. Sydow, 2 Wilson Park Drive; Sharon E. Tadlock, 1517 St. Clair Ave.; Robin Wesley Teague, 2606 Grand Ave.; Robert A. Thurau, 1000 W. Adams St.; Terry Alan Waffler, 2602 Vicki Ave.; Robert L. Wilming, 2100 Pontoon Road; Douglas E. Steele succeeds William J. Kuhfuss, Mackinaw, who was elected president of the American Farm Bureau Federation Dec. 10, in Houston, Texas. Kuhfuss succeeded Charles B. Shuman of Springfield, Ill., as president of the presidency after 16 years.

The board also named William H. Sauer, 58, of Route One Muscogeeboro, as vice-president to succeed Steele. Sauer, operator of a 400-acre fruit and vegetable farm in partnership with his three sons, John, Robert, and George, Sauer has served on the IAA board of directors since 1956, representing Rock Island, Williamson, Saline, Gallatin, Union, Johnson, Pope, Hardin, Alexander, Pulaski, and Obion counties.

He is the new IAA president's predecessor, having come from Princeton in partnership with his 23-year-old son, Greg. They raise about 2,500 head of hogs annually.

They haven't increased in value at all. But don't wait until you have to go to your insurance home to see if you're insured to find out. See me and I'll explain how the Illinois Farmers Policy with Inflation Coverage can keep your home insured for all its worth.

English Author Charles Dickens Found 'Hateful Monster' River and 'Looking Glass Prairie' Here 128 Years Ago

Charles Dickens, the famous English author, journeyed to Magazine, published in Benton, Illinois, in 1842, somewhat embittered by the experience of being selected by one of the state's early land development companies.

The effect the frontier had upon Dickens is described in the concluding part of a two-part series in the De-

ember issue of Outdoor Illinois magazine, published in Benton. That the young state did not impress him favorably, at times, was apparent in his description of the tour.

"The Mississippi River was a 'beautiful shining monster,' and the route he took to return by a different way from that which we had taken yesterday.

Recalls Monk's Mound

"It would be difficult, say why, or how—though it was possibly for having heard it before—such a name as 'Monk's Mound' for the body of earthworks of the order of La Trappe, who founded a desolate convent there, many years ago, when there were no settlers within a thousand miles, and were all swept off by the pernicious effects on my disposition.

Sunset Described

"Looking towards the setting sun, there lay, stretched out before my view, a vast expanse of level ground, which save by one or two lines of trees, which scarcely amounted to a scratch upon the great blank; until I met the glowing, sky, wherein it seemed to dip, dimpling with its rich colors, and mellowing for its distant blue."

"There it lay, a tranquil sea or lake without water, if such it simile be admissible, with the

boy of 12 met the touring cavalcade at the west edge of Belleville city square.

He later said that the Mansion House, where Dickens stayed, was hardly located on the broad prairie, but implied, and that Belleville even then was a flourishing town.

Years later, lecturing in the Cairo Opera House in 1911, a son of Dickens, Alfred Tennyson, said, "I saw the contrast between what my father saw, and what he, the son, was seeing on his tour."

He also said that his father had changed his opinions about the United States and its people, and came to believe in the greater virtue of America than he had predicted.

Attitude Later Revised

And Dickens himself, in statements made in 1868, acknowledged a change of opinion.

He mentioned the "amazing changes in the country—changes physical, changes in the rise of vast new cities, changes in the graces and amenities of life, changes in the press."

"In the testimony," he declared, "as long as I live, and so long as my descendants have any legal rights to my books, shall cause to have published, an edition containing every copy of those two books of mine (American Notes and Martin Chuzzlewit) in which I have referred to America."

Included in the article by Mount Vernon author Louis A. Untermeyer are early photographs of Illinois scenes and objects viewed by Dickens.

Challenged by Doctor

Dickens' words and descriptions were checked for description and were later cited by John Francis Snyder, M.D., an early archaeologist and one of the founders of the Illinois State Historical Society, who as a

New Lunch Policy Announced by GC School District

Granite City School District 9 today announced the establishment of a policy to determine children eligible to receive free or reduced price lunches. The school district has long recognized the need for helping meet the nutritional needs of students. A well-balanced, nutritious meal is served each school day at all schools in the Granite City School District.

The charge to students who can pay is 45¢ in Junior and Senior High and 40¢ in elementary schools daily. However, since some families may find it difficult to pay the full price for their children, the school will provide these lunches free or at a reduced price to those children whose parents are unable to pay.

Dale C. Rea, Assistant to the superintendent is the authority responsible for making determinations.

He said, "I believe that their children may be eligible for free or reduced price lunches are urged to apply. Copies of the application form and instructions for application were sent to parents. Additional copies may be obtained at any school or the completed district policy may be reviewed by an individual person."

For more information, call the Office, 20th and Adams Streets.

Applications to School

The completed application, signed by an adult family member, must be sent to and submitted to the child in the family. Such applications will be reviewed within five days and the family will be notified in writing of the decision made.

Information provided on the application will be held in the strictest confidence.

Decisions for approval will be based primarily on the family income and expenses according to a National guide line used by participating schools throughout the United States and prescribed by the Secretary of Agriculture. Any unusual circumstances or hardships which may affect the family will also be considered. If a family is not satisfied with the decision made regarding their application, they may apply to the regional office of the Estimoff, director, Pupil Personnel Services, who will review the application to try to make a satisfactory arrangement. The district policy will be applied fairly and impartially to all children who may need the benefit of a nutritious lunch at school.

Grants, one of the largest general merchandise mail store chains in the country, has been a tenant in the area for 41 years. Boys Who Helped Injured Youth Honored by Police

Three boys who were with 11-year-old Jeffery Garrett of Venice when he fell from his bicycle and fractured his leg were honored by the Venice Police Club during 11 a.m. services Sunday at the Bethel AME Church, 1039 Margaret Ave., Venice.

The boys are Wilson McCaskill, 13, of 311 Mercadocia Ave., Venice; Melvin Woolfolk, 12, of 1034 Douglas Ave., Venice, and Michael Silas, Chicago, who was visiting the area. McCaskill was at the time of the accident.

The boys and Jeffery Garrett were among a group of youths walking along the railroad tracks on their way to Lee Park when they heard a noise. When the Garrett youth grabbed onto a boxer in the moving train, slipped and fell with his legs under the wheels of the boxer. Both legs were severed. McCaskill lifted the injured boy and carried him to a picnic table in the park and sent the other two boys to the Venice police station to get the police and call an ambulance. McCaskill, 13, of 201 E. Caskill removed Jeffery's shirt and covered his legs with a sheet to keep the youth from seeing the extent of his injuries.

Each Given Medal

A check for \$15 was presented to each boy by Venice Patriot Girl Reed for the club and a letter to each from Venice Chief of Police Ralph D. Bravley was read and given to the boys.

The letters said: "The members of the Venice Police Department wish to take this opportunity to express their appreciation for a very fine act

performed by you on Sept. 20, 1970, in the City of Venice. Your fast action and clear thinking undoubtedly contributed greatly to saving another person's life. Please accept this small token of our appreciation."

The boys also were presented medallions donated by John Hayes, police chief, and Madison alderman Louis Ratcliff, Venice alderman, and George Green, Venice City Hall maintenance man.

Lunch Policy For Venice School District Set

Venice Community Unit District has announced the establishment of a policy to determine children eligible to receive free or reduced price lunches. The school district has been recognizing the need for helping meet the nutritional needs of students. A well-balanced, nutritious lunch is served each school day at the Venice High School and Elementary School.

The charge to students who can pay is 35¢ daily. However, since some families may find it difficult to pay the full price for their children, the school will provide these lunches free or at a reduced price to those children determined eligible. Robert N. Vickers, assistant superintendent, is the authority responsible for making determinations.

Families who believe that their children may be eligible for free or reduced price lunches are urged to apply. Copies of the application form and information regarding procedure may be obtained from the school to parents Dec. 15, 1970. Additional copies may be obtained or the complete district policy may be reviewed by any interested person at the Office of Superintendent, 700 Broad St.

The complete application, signed by an adult family member, should be sent to Robert N. Vickers, assistant superintendent, Broad St. Applications will be reviewed within 10 days and the family will be notified in writing of the decision made.

Decisions for approval will be based primarily on the family income level according to a national guideline used by participating schools throughout the United States and supplied by the Secretary of Agriculture. Any unusual circumstances or hardships which affect the family's ability to buy food will be considered. If a family is not satisfied with the decision made regarding their application, they may appeal the ruling to John O. Pfeifer, director of schools, who will review the application to try to make satisfactory arrangements.

The district policy will be applied fairly and uniformly to all children and will be effective Jan. 1.

Multiple Listing Service Is Established by Realtors

An announcement was made by Norman Reinhardt of Reinhardt day that the Granite City Board of Realtors has formulated the Realtors of a multiple listing working agreements and bylaws service which will be provided through all their participating members, beginning in early 1971, on or before Feb. 1.

Under the newly adopted listing agreement, which is designed to provide the broadest possible service in the selling of homes and other property, virtually every dwelling which is listed will be open to all Realtors.

Only members in good standing of the Granite City Board of Realtors, which is open to all real estate professionals, will be eligible to participate in the multiple listing service.

While approximately 50 realtors will be participating, all appointments, showings, loan arrangements and closings will be arranged through the realtor office of the seller's selection.

"The advantage under this program to the seller," a release said, "is that without any additional selling expense or commission charge, the services of all participating personnel affiliated with the Realtor Board will be available to sell and market a particular property."

"This program will also offer many advantages to the real estate buyer."

"A prospective purchaser seeking to purchase a certain type of property, in a particular part of town, can go to the realtor of his choice and have a wide range of properties available through the various realtor offices."

The decision to adopt the multiple listing program, which had been under consideration for several months, was made at the December meeting of the Realtor Board, at which 30 realtors and associates were present.

A non-profit corporation is to be established immediately to govern the program, and it is anticipated a full-time manager or executive secretary will be employed in time to manage this phase of the realtor multiple listing program.

Cities, Counties Get \$6.8 Million in Income Taxes

Gov. Richard B. Ogilvie announced last week that Illinois municipalities and counties have received \$6,825,269 as their share of state income tax collections for November.

Counties paid on the basis of the population of their unincorporated territory, received \$1,102,618. Cities and towns, paid on the basis of the population within their borders, received \$5,722,689.94. The county received \$14,264 for November, bringing to \$613,852 total payments during the current fiscal year.

Payments this month bring the total paid to villages, cities and counties under the income tax law to \$29,459,107 this fiscal year, the governor added. November allotments included \$24,000 to Granite City, Ill., and \$3,350 to Venice.

"In a time when local government all across the nation is being forced into programs of retrenchment because of a growing financial crisis, it is important to note that Illinois was the first state in the nation to institute a program of no-strings attached sharing of income tax revenue with its local governments."

Ogilvie cited statements by mayors of a number of cities outside Illinois at the recent National League of Cities meeting in Atlanta, Ga., that their

communities were going to lay off city employees and curtail services as a result of shrinking revenues and rising cost of the services and commodities government must purchase.

"Illinois local government is under this same kind of pressure," he added, "and in many communities in this state today, already sorely pressed property tax rates have risen to face a choice of paying still higher rates or losing services but for this income tax sharing program."

Supreme Court May Review Levee Board Appeal Jan. 11

By JIM MEES
Press-Record Springfield Correspondent

Noting that the Illinois Supreme Court last week granted permission to the St. Clair County state's attorney to petition for a writ of prohibition against a lower court order that would prevent the four East Side Levee District trustees, State's Attorney Robert H. Rice said he believes the high court's decision paves the way for overturning a previous ruling.

The earlier order, by Appel-

late Judge Edward C. Eberspacher, stayed the sentence of the four convicted trustees.

State judges delivered the opinion of the high bench. Justice Joseph H. Goldenhersh took no part in the court's deliberations.

The five persons named as respondents in the pending suit are Eberspacher and Trustees Morris Campbell, Lawrence T. Morrissey, George Duff and William Eberspacher.

A court official said the respondents have until Jan. 5 to answer the arguments outlined by Rice.

A spot on the docket of the court's January term beginning Jan. 11 has been reserved for the court to review the case.

Rice said he will rule on a 1958 Illinois supreme court decision which, in his judgment, holds that appeals do not require a stay of ouster from public office.

"Public confidence requires that a defendant's presumption of innocence vanishes by trial and conviction, he no longer deserves the benefit of that presumption," Rice said.

Eagles Give Christmas Baskets to Elderly

Eagles Aerie 1126 and its Auxiliary collected and distributed canned goods and miscellaneous grocery items in baskets to 50 senior citizens with low pensions Saturday as part of their annual Christmas activities.

Chris Von Nida, chairman of the program, and Mrs. Vera Hornyak, president of the auxiliary, said it was decided to aid the elderly who are in their 70s and 80s in the program this year. The two were assisted in the drive by Paul Lampe.

The Eagles also plan to sponsor trips, provide for the needs of senior citizens, and meet other needs of the elderly during the year, Von Nida said.

The canned goods were contributed, and funds basically went to the auxiliary. Eagles annual benefit dinner planned and served recently by members of the auxiliary.

Vadalabene Opposes Higher Tuition in Universities

State Senator-Elect Sam Vadalabene (D-Edwardsville) has announced his opposition to tuition increases proposed by the State Board of Higher Education. Calling the recommendations "ill-timed and ill-conceived," Vadalabene predicted that the Legislature would not approve any change in tuition policy.

At its December meeting, the State Higher Education Board urged additional tuition increases which would bring an increase at State senior institutions ranging from \$87 to \$174 in the 1971-72 school year. The board recommended that non-resident students should pay tuition equivalent to one-third of the cost of instruction. For non-resident students, the board urged tuition payment equivalent to 100% of instructional costs.

According to Vadalabene, "one basic flaw in the board's calculation is the failure to take into account the cost of instruction fees." For example, tuition and fees for 1970-71 at the Edwardsville campus amount to \$446, or 34.6 percent of tuition.

In other words, if fees are included, students are paying right now the percentage of instructional costs recommended by the board. If the proposed

increase is accepted, tuition at SIU will be raised to \$420. If fees remain constant, the result will be students paying 44.4 percent of instructional costs."

Would Cause Hardships

The senator-elect also criticized the timing of the recommendation. "Riding piggy-back on the raise Governor Oglivie pushed through the Legislature last session, this additional increase will cause hardships for students and their families," Vadalabene predicted. "Earlier this year the Legislature approved a raising of tuition by \$50 a quarter or \$174 a semester, effective Jan. 1, 1971."

Representatives from Faculty and Students Advisory Committees opposed the increases. Vadalabene said he agreed with the proposal but felt it was regressive rather than revenue raising.

The increases will force more students to leave the scholarship program, further draining off resources from a program that was originally designed to support private education anyway.

With the cut in funding based on family budgets already hard-pressed by the current economic slump and inflation, it will put even more strain on the pockets of those students who are paying for their own educations without benefit of scholarships.

Governor Shifts Rules

The Governor would like to shift the basic ground rules on financing medical education. If he has his way, educational doors will be open primarily to those who can easily afford to pay. The new rules will be based on the idea that those who maintain the status quo, difficult for those who are seeking newer and higher avenues of opportunity. The effect of the tuition increases will be to impinge on higher education, depriving the offspring of middle-class working people, an impossible dream for the poor, despite the claims that scholarships and grants will alleviate financial difficulties.

However, the State of Illinois has considered that the citizens have a right to the finest education possible. The tuition increase would serve to transform that right into a privilege.

Any change in the State's policy toward the financing of public education ought to be thorough and aimed in legislative debate. A change in the direction of diluting the necessary and basic right to a good education should be opposed. "The issue of Higher Education embodies such a change and therefore I oppose it," Vadalabene said.

Plan to Open New Era Of Medical Education

Representatives of St. John's and Memorial Hospitals of the Southern Illinois University School of Medicine have signed agreements of affiliation which are expected to open a new era in medical education in central and southern Illinois.

Dr. Richard H. Moy, dean of the School of Medicine, said the joining of the three institutions into a common health education enterprise will have far-reaching benefits for the citizens of Illinois, and, because of the innovative aspects involved, will become a model for other communities.

The agreements, which include constitution, define procedures among the units involved and the means by which future problems may be resolved.

Moy said the Springfield-SIU model may be adopted eventually as a possible model for solving medical education and local health care delivery problems.

The SIU medical program is unique in that it utilizes existing community hospital facilities instead of constructing a special teaching hospital, the traditional approach.

Emphasis is placed on producing practicing physicians in less time and at less cost.

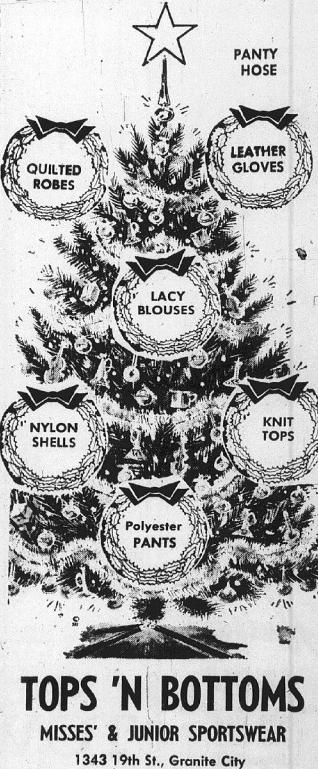

The first clinical trainees in the program will be graduated in 1973 after completing basic undergraduate science training at SIU's campus Carbondale.

car was struck by a hit-and-run vehicle, causing minor damage.

The straw that broke the camel's back came last week when a motorist who left the scene

swiped the 1956 car, causing extensive damage to the newer car.

"Enough is enough," said Marie Wehrmeyer, 2355 Washington Ave., after his parked car was struck in front of his home on the fourth time in three months that the accident caused by motorists who left the scene.

The room was decorated in red and white, with centerpieces of Christmas scenes.
